\* **Radon & Radon Decay Product Measurement** Course Materials may be used for the courses listed below. The online portion of the course is different in each case:

Entry Level Measurement / 16 CE – NRPP 45B / 24 CE – NRPP 45A

\*\* **Radon Mitigation Technology** Course Materials may be used for the courses listed below. The online portion of the course is different in each case:

Entry Level Mitigation / 16 CE – NRPP 59B / 24 CE – NRPP 59A

\*\*\***Mentoring for Mitigation Course** – The mentoring “hands-on” portion of course is a requirement for certification. If you are working for a company that may have a qualified mentor for you to work with, you may not need to pay for the mentor. Your mentor will be provided with the required field exercises for training. If you have the course materials, but will need CERTI to arrange for a mentor, in addition to the registration, you will need to purchase the mentoring. Please call if you have any questions regarding the qualifications of a mentor.
